Accessibility Test Report

ISO 24505-2基準およびWCAGに基づく、アクセシビリティの色覚シミュレーション用テストサンプルです。

CONTRAST & COLOR VISION TEST PATTERNS

1. Good Contrast (WCAG Pass, ISO Pass)

Standard dark text on light background. Ratio > 7:1

2. Low Lightness / Low Contrast (WCAG Fail, ISO Fail)

Light grey on white. Hard for low vision users.

3. Red-Green Clash (NG for P/D types)

Similar luminance R/G. Distinguishable by hue only.

4. Pink-Yellow Clash (NG for T type)

Yellow/Pink confusion. Indistinguishable in Tritanopia simulation.

5. Subtle UI Design (Natural Case)

Modern "ghost" style that blends into the background for some users.

NATURAL DESIGN EXAMPLES (CONTEXTUAL TEST)

System Health Dashboard

API Response Time	**124ms**	HEARTBEAT OK
Database Cluster Status	**SYNCED**	STORAGE ACTIVE

** Note: The colored dots and badges above use color alone to convey status, which is a failure of WCAG 1.4.1.*
